

SVC Wall mounted voltage stabilizer

SVC壁挂式稳压器

稳压器系列

产品概述 Product profile

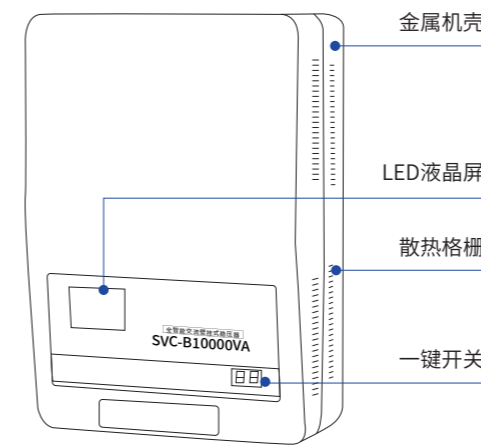

- ▶ SVC壁挂式稳压器具有波形不失真、体积小、重量轻、效率高、使用方便可靠、能长期运行等特点,可广泛应用于任何用电场所,是一种极为理想的稳压电源。

SVC wall mount regulator which has on waveform distortion, small body, light weight, high efficiency, available and convenient use, and long time operation and so on. And also can be used for many equipments, and is one of more ideal voltage stabilizer.

使用范围 Scope of application

- ▶ 空调、计算机、测试设备、照明系统、射线设备、医疗设备、复印机、立体声音响设备、数控机床、工业自动化设备、彩色冲晒设备、检验设备、设备。 Air conditioning, Computer, Test equipment, Lighting equipment, Alarm and security system, X-ray equipment, Medical equipment, duplicator, Broadcasting equipment, Nimeric control machine tool, Industrial robot, Photographic processing equipment, Laboratory Instrument, Hi-Fi Hi-Fi equipment.

产品解析 Product analysis

外观尺寸 Appearance of size

稳压器系列

产品型号 Product model	输入电压 Input voltage	输出电压 Output voltage	尺寸 (mm) 长x宽x高 L x W x H
SVC-B10KVA(常规款)	140V~260V	220V±3%	300*440*195
SVC-B10KVA(低压款)	110V~260V	220V±3%	300*440*195
SVC-B12KVA(常规款)	140V~260V	220V±3%	300*440*195
SVC-B12KVA(低压款)	110V~260V	220V±3%	300*440*195

技术参数 Main technical parameter

频率 frequency	50HZ/60HZ
功率因数 The power factor	0.8
工作温度 Working temperature	-10°C~49°C
调整时间 Adjust the time	≤1s[当输入电压变化20V时] When the input voltage change 20 v
相数 Phase	单相 Single
效率 Efficiency	≥95%
相对湿度 Relative humidity	<90%
波形失真 Waveform distortion	无附加波形失真 NO-lack distortion in waveform
绝缘电阻 Insulation resistance	≥5Ω
输出过压保护 Output over-voltage protection	AC 246±4V
特殊说明 Special instructions	适用所有城镇家庭 Apply to all urban households
